Work History

- **PlanGrid / Autodesk** — **San Francisco, CA / London, UK**
  Data Scientist — May 2018 - present

  - Developed and implemented frameworks for analyzing user engagement and retention, both globally and at the individual feature team level
  - Took on data engineering responsibilities such as creating / maintaining ETL pipelines, monitoring system performance, improving tooling, and addressing tech debt
  - Led major data infrastructure projects including a full data warehouse migration from Redshift to Snowflake

- Business Analyst — Nov 2017 - Apr 2018

  - Maintained hundreds of dashboards, views, and visualizations within Looker to surface data to key stakeholders, including management, Board of Directors, and worldwide sales employees
  - Implemented automated reporting processes for various sales channels including credit card sales, renewals, professional services, and customers outside the US

- Revenue Accountant — Sep 2016 - Nov 2017

  - Owned various aspects of GAAP revenue accounting, month-end close, and cash flow reporting, while also transitioning to the Business Analyst role starting in May 2017
  - Led a year-long project with product, engineering, and sales operations teams to implement product updates in order to comply with sales tax laws

- **RSM International** — **McLean, VA / London, UK**
  Senior Associate — Oct 2013 - Aug 2016

  - Led audit and consulting projects in the US and UK, working with clients in the real estate, technology, and government contracting industries

Volunteer Activities

- **Swarthmore College** — Apr 2015 - present
  Alumni Admissions Representative

  - Interviewed and evaluated applicants on behalf of the undergrad Admissions Department
  - Represented Swarthmore at networking events for prospective and current students

Education

- **Bachelor of Arts in Mathematics**, with Honors
  Swarthmore College, Swarthmore, PA, 2010 - minor in Chemistry

- **Master of Accounting**
  University of North Carolina, Chapel Hill, 2013

Awards
